W. J. HARDY also in the Box

EARLE E. NICHOLSON, Sale Manager

Mail bids to B. B. ALLEN, Francis Scott Key Hotel, Frederick, Md.

FOREWORD

The breeders of Virginia and Maryland are offering for your approval as good a lot of cattle as will be found in most any sale.

We realize that in the past year or so the quality has not been what it should, so the breeders this year agreed to do something about it and they did, by letting the sale committee have a wider choice from which to make their selection.

We know that livestock prices are lower which will be reflected in the price of breeding stock and this might be just the time to start a herd or add to your present herd, so plan now to attend the sale.

EARLE E. NICHOLSON,
Sale Manager

GENERAL INFORMATION

TERMS—The terms of the sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyer's risk as soon as bid off but the management will attend to loading on cars or trucks in compliance with instructions from purchasers.

HEALTH CERTIFICATES—All cattle are sold subject to a sixty day retest for tuberculosis and health certificates will be furnished to enable them to be shipped into any state or territory. All cattle have been blood tested for T. B. and Bang's Disease within a period of thirty days prior to the sale.

GUARANTEE—Bulls are guaranteed breeders if properly cared for and not allowed to run with the herd. If a bull fails to breed, he may be returned to the seller, if in as good condition as when bought and if after a test in the seller's herd he still fails to breed he will be replaced or the purchase money will be refunded. All cows with calves at foot are considered breeders and no further guarantee is made with respect to them. All other cows over sixteen months old at time of sale are guaranteed to be breeders. Animals returned to the sellers because they do not comply with the guarantee will be at the buyer's cost of transportation.

The above guarantee and terms shall constitute a contract between consignor and buyer of each lot. A certificate of registry for each lot sold will be furnished, the same will be transferred to purchaser and an application for registry for all calves in dams.

Earle E. Nicholson, Sale Manager, Ijamsville, Md.
